Small Pox Cured.

SMALL POX CURED.

SMALL POX CURED.

Starting as this announcement may be, it is nevertheless true. Let not skeptics doubt, or refuse the proffered remedy. Not rather half this blessed medicine as a truth, until proved otherwise. This wonderful cure for Small Pox has been tried in over one hundred cases and succeeded in every case. The cure is:

DR. RADWAY'S REGULATING PILLS.

Their indication of cure is to draw the poison from the skin, blood and other viscera, and purge it from the system through the bowels. By this means the patient is protected against pitting and exfoliation of the skin. There are no other pills, nor medicines that are safe to administer in cases of Small Pox and other eruptive fevers; the irritation and increased inflammation that a dose of the drastic pills would produce in these cases, and the weakness that would follow, would prove fatal. Radway's Pills will thoroughly purge, and at the same time heal and soothe all internal eruptions.

THE DEATH TRAIL.

The horrible trail of misery that are saddled upon the small-pox patient. They recover under the usual treatment, to be found in every form and variety of disease. Those who have been treated for the care of small-pox were previously healthy, yet after their apparent cure found their systems involved in a series of difficulties. This is evidence of an imperfect cure of the original disease. Radway's Pills not only cure the patient of small-pox, but will save him against all other sickness. Price 25 cents per box.

Sold by RADWAY & CO., No. 67 Maiden Lane, corner of Goldst., and by druggists generally.

Another Grand Session for THE GREAT SUNDAY NEWSPAPER

The proprietors of THE SUNDAY MERCURY have the satisfaction to announce that they have great expense, secured for its columns another brilliant volume of deep and surpassing interest.

THREE TIMES DEAD;

THE SECRET OF THE HEATH.

By the Author of "John Marchant's Legacy," "Eleanor's Victory," &c., &c., &c.

The opening chapter will appear in THE NEW-YORK MERCURY FOR TOMORROW.

It would give the enjoyment of the thousands who will receive this story tomorrow, to give them an insight into it in advance. The work opens most deliciously. The early chapters rivet the attention of the reader; but as the narrative proceeds, it acquires greater and greater interest, interest, interest, interest, and interest, and interest, and interest, and interest.

Here was a thoroughly original story—entirely out of the buckwheat and beaten tracks this is one. No woman with a heart can feel it without tears. No student of human nature can afford to let it without tears. No reader of history can afford to let it without tears. No reader of fiction can afford to let it without tears.
